

USA Swim Membership Instructions

Step 1: Go to www.usaswimming.org and in the top right corner click on “login/register”

Step 2: Register for an account

Step 3: Click on the link below which will bring you to the page where you select and pay for a membership linked to our club:

<https://omr.usaswimming.org/omr/welcome/ABFED59E70B14A>

Step 4: Fill in all the information regardless of whether or not your swimmer is going to compete.

Step 5: Select a premium membership (\$90) if your child is going to swim the entire season or the seasonal membership (\$60) if your child is only swimming in one Learn to Swim session. The premium membership is good for one year while the seasonal membership is only good for 150 consecutive days from the time you purchase the membership.

Once you've purchased a membership your child will be all set to attend practices. This must be renewed annually to continue participating in our programs. If you've followed the instructions above which links your swimmer to our club account our coaches should be able to do the renewal for you in the future.
