

Dear GGSL Families,

At Greentown Girls Softball League, our mission is simple: **every girl who wants to play softball should have the opportunity to do so.**

We understand that families may face financial challenges from time to time, and we do not want registration fees or related costs to prevent any girl from participating in the upcoming season. If finances are a concern for your family, **financial assistance is available.**

Assistance may be used toward registration fees and will be handled with care, respect, and confidentiality. No child will be singled out, and requesting assistance will not impact team placement or participation in any way.

To be considered for financial assistance for the upcoming season, **requests must be submitted by March 14.** Please complete this form as your formal request: [GGSL Financial Assistance Request](#)

If you are interested in learning more or would like to request assistance, please contact us privately at:

 greentowngsl@gmail.com

We are proud to be a league that supports our players and families both on and off the field. Softball teaches teamwork, confidence, resilience, and community—and we want every girl to have the chance to experience that.

Thank you for being part of GGSL. We look forward to another great season together.

Warm regards,

Greentown Girls Softball League Board
