

DRSL VALUES AND CULTURE STATEMENT

In the Duluth Recreational Soccer League (DRSL) fun and safety trump competitiveness. We strive to maintain a welcoming and safe community for folks of all backgrounds and skill levels to be able to play, make friends, and stay healthy. We expect all players and staff to uphold earnest sportsmanship.

Our culture also recognizes and values diversity and inclusion as the path to meaningful community and organizational excellence. We seek to sustain an inclusive culture that fosters equitable participation for athletes and administrators from diverse backgrounds.

DRSL asks players, captains, board members and referees who may have, or witness, an experience contrary to its code of conduct or culture statement to report concerns to league leadership in whatever way they are most comfortable. Anonymity will be respected, and we will address all offenses to the best of our ability. Willingness to provide contact information with such reports will allow transparent conversations and help us ensure the most appropriate action is taken. Thank you.
