GOVERNING BODY

This guide is provided as a common framework on Revere Youth Baseball and Softball program rules of play. The RYBS Board of Directors retains final decision-making authority for all matters pertaining to the program and may rule on issues and provide remedies not described in this document. Decisions by the Board of Directors are final.

PURPOSE OF RYBS

1. Foster the physical, mental, emotional growth of the youth of the community.
2. Develop an understanding and appreciation of sportsmanship and fair play.
3. Encourage citizenship and academic achievement.
4. Teach the fundamentals of baseball and softball through qualified supervisors.
5. Provide worthwhile recreational activities to youths that may otherwise be denied the opportunity to participate in an organized baseball or softball program.
6. Promote a spirit of self-reliance along with the spirit of teamwork.

MANAGING CONFLICT

Common sense and courtesy will prevent most conflicts, but situations that cannot be resolved on site should be referred to the Board of Directors.

Refer to the following principles while resolving conflict:

Foster the physical, mental, emotional growth of the youth of the community

Develop an understanding and appreciation of sportsmanship and fair play. The league is for kids to **PLAY** baseball and softball. RYBS decisions will be resolved in a manner that prioritizes player safety and are biased towards player involvement and fun.

Aggressive, threatening, and overly emotional behavior will not be tolerated. The mental and physical well-being of our players is our primary concern.

Player safety is our most important concern. In an emergency situation, the umpire has discretion to stop a play or game.

***RYBS Local Rules supersede Cal Ripken Rules.**

Game Conduct

Players are expected to arrive on time for pregame workouts and conduct themselves during the game in an acceptable manner. It is a team's responsibility to promote good sportsmanship and fair play. Following are simple rules for players to follow throughout the season:

- Play for the fun of playing, not just to please your parents.
- Play by the rules.
- Never argue with or complain about umpire's calls or decisions.
- Control your temper and resist the temptation to retaliate when you feel you have been wronged.
- Concentrate on playing baseball and on affecting the outcome of the game with your best effort.
- Be a good sport by cheering all good plays, whether it is your team or your opponent's.
- Treat all players as you would like to be treated.
- Cooperate with your manager, coaches, teammates, opponents and umpires.
- Food and gum are not allowed in the dugouts, although sunflower seeds are permitted. **No Peanuts/Peanut Butter allowed in dugouts**
- Clean up dugout and dugout area after every game.

Managers and Coaches are expected to act in the best interest of the players, team, league and:

- Shall speak to players in a positive and instructive manner.
- Shall speak to other coaches and umpires in a calm and respectful manner.
- Shall follow rules, guidelines and procedures during games and practices.
- Shall show "Good Sportsmanship" during games and practices.
- Shall assist umpires and league officials maintain order with parents and players.
- Shall practice on a regular basis.
- Shall be familiar with RYBS and Cal Ripken Rules.

Parents, spectators, family, friends and guests are expected to act in the best interest of players, team and league:

- Shall never touch, threaten, insult, harass, badger any player, coach, manager, league official, umpire or spectator. If a parent has a concern, he or she should wait until completion of the game or practice and discuss the matter in a civil and constructive manner or communicate the issue with a league official.
- Shall get their child to all games and practices on a regular basis and on time. On time means 15 minutes before a schedule game.

RYBS adopts a “Zero Tolerance” policy regarding proper conduct.

Any player, manager, coach, parent or spectator whose conduct is not consistent with these guidelines may be cautioned by the umpire-in-chief or other League official. Foul or abusive language is strictly prohibited. If an individual is unable to refrain from using foul language or making derogatory remarks to any player, manager, coach, or umpire, the umpire-in-chief or other League official may suspend the game until that individual leaves Saint Mary’s Fields or other playing area. If the individual refuses to leave Saint Mary’s Fields or other playing area, the umpire may discontinue the game and the police will be called for assistance.

If the disruptive individual is a manager, coach or player, additional sanctions will likely occur depending on the circumstances.

Ejection Protocol

Each umpire or league official has the power and authority to eject players, managers, coaches and spectators from the game and or Saint Mary’s Fields or

other playing area. Any board member or league official, who is acting as a manager or coach during a game, which there is an incident regarding ejection must defer to another league official for the ejection.

Players

If a player is ejected, the player shall immediately leave the playing area (field, dugout, bullpen etc.) before play continues, but may become a silent spectator in the stands. In addition, the player is expected to attend subsequent practices for behavior modification counseling. The player shall NOT participate in the next scheduled game, but may watch the game from the stands, but may not wear the team uniform.

Manager/Coach

When a manager or coach is ejected, that individual shall IMMEDIATELY leave Saint Mary's Fields or other playing area. In addition, that individual shall have NO CONTACT with the team and shall be PROHIBITED from Saint Mary's Field or other playing field until the day AFTER the completion of the next scheduled team game.

Parents/Spectators

Other ejected individuals shall immediately leave Saint Mary's Fields or other playing area. Refusal to do so may result in the Umpires "calling" the game and other sanctions being assessed on the team associated with that individual.

Other Disciplinary Action

The Board feels strongly that proper field decorum is an important element of the Cal Ripken Baseball and Babe Ruth Girls Softball experience. For example, ejected individuals who do not "go quietly" once ejected can expect additional sanctions. All ejections will be reviewed by the RYBS board.

Note: Any player, manager or coach who is ejected or otherwise suspended three times in a season, will have their association with Revere Youth Baseball and Softball League terminated.

The Board will have the final decision on penalties, suspensions, and expulsions from the league.

Coaching Staff CORI Checks & Certification

All managers and assistant coaches will be subject to Criminal Offender Record Information (CORI) checks. No coaches, volunteers, or parents will be allowed on the fields or in the dugouts during games unless they have passed a CORI check. (excl. T-Ball)

All managers and coaches will be required to have a Babe Ruth coaching certification to manage/coach any team in the Revere Youth Baseball and Softball League.

Prior to the start of the season, all managers will be required to submit their team staff along with each coach's certification.

This is a Babe Ruth/Cal Ripken League requirement; there will be NO exceptions.

For coach certification info visit our website at (www.rybs.org) or go to www.baberuthcoach.org

Dugout Personnel

There will be a maximum of 4 coaching staff personnel in the dugout or playing field during all games.

A manager, coach or acting manager is allowed a maximum of three other people in the dugout including coaches and scorekeepers. Only one of these allowable people can be a league player. The umpires will enforce this rule. Failure to comply with the umpire's request to adhere to this rule will result in forfeiture by the non-conforming team. This rule cannot be overridden by approval of the managers or coaches of the playing teams. Batboys under league age will not be considered as one of the four allowable people.

All managers will be held responsible for any and all dugout personnel and cleaning up dugout after each game.

The home team is responsible for assigning a person to operate the scoreboard. Every game must have a scoreboard operator for the benefit of the family, friends, and spectators in the stands.

The Manager or acting Manager should be the person interacting with the umpires. No other coaches should speak with the umpires.

Managers and coaches should assist in controlling disruptive parents, players, or coaches.

Cell phone usage

No Player, Coach, Manager or Umpire shall use a cell phone on the field during games.

RYBS Ground Rules

Umpires shall conduct a ground rules meeting with managers prior to the start of each game. Team rosters should be exchanged prior to this meeting. Umpires shall discuss field obstructions, review any rules of the game that may be needed, and remind coaches of proper conduct throughout the game.

The umpires shall remind the home team that they are responsible for the scoreboard operation.

Managers must disclose pitchers' eligibility or ineligibility prior to the start of the game. I.e: Johnny pitched 6 last game so he has no innings or Mike pitched 3 last game so he has 3 available today etc.

Managers must also disclose if their team has any up and downers and where they are listed in the lineup. All up and downers must be added to the bottom of the lineup. All up and downers must wear their own team's uniform.

At the end of each game, innings pitched must be documented in each team's book.

Game scores must be updated onto the RYBS website by the winning team or via email/text message to the League Coordinator.

Any ball striking the light poles or wires behind the outfield fence on a fly that bounces back in the playing field is a homerun.

All runners shall be awarded one base on pitched ball rolling through any hole in the fence or open gate.

General League Play Rules

Games

No new inning may start after 1 hour and 45 minutes from the scheduled start of a game. The umpire must call last inning at his or her discretion. The status of the game shall continue regardless of the inning played. Games interrupted by rain, etc. will be adjusted with the discretion of the umpire.

Major, AAA, Minor League Baseball and Softball –will play 6 inning games. 4 innings constitute an official game if the ten-run rule is applied. (3 1/2 if home team is leading)

The home plate umpire must wait at least 15 minutes before calling a game due to rain. It will be the umpire's duty to inform both managers of the exact starting time of the game and time of rain delays. The home plate umpire's watch will be the official time.

Exception: The 1 hour and 45 minute time limit does not apply to Major or Minor playoff games. If a game is called, the game will restart at the point of discontinuance. Six innings must be completed in all Major League playoff games with the exception of the 10-run rule.

The umpire will allow a minimum of 10 minutes in between games, regardless of starting time, to allow teams to warm up for their game.

Managers must have rosters prepared and ready at the start of the game.

Ten Run Rule

If a losing team has batted at least 4 times and there is a ten or more run differential, the game is officially over. In all cases, if the home team is losing by ten or more runs they must bat in the bottom of the inning that resulted in the 10 runs being exceeded.

Six Run Rule

This rule applies to AAA, Minor League baseball and Major League softball regular season. This rule also applies to Minor league playoff games.

A team's at bat will end when the team has scored six runs regardless of the number of outs in any given inning. This rule will not apply in the last inning of a game.

Innings Played

All players in Major, AAA, and Minor leagues must play 6 defensive outs and have 1 at bat. If a player, because of the length of the game, does not meet the minimum playing requirements, that player must start in the next game played. When 10 or more players are listed on a game roster, an extra hitter (EH) must be used in the batting order. The extra hitter must rotate into the field so he can receive his 6 defensive outs. Free substitution is allowed in all baseball divisions.

Exceptions:

1. Unruly or inappropriate behavior by a player during a game, practice or on ball field property.
2. Failure to show up for games or practices.
3. The above must be communicated to a league official.

The above referenced infractions may result in a player being "benched" or suspended for 1 or more games. If a player is brought to the Board of Directors by a Manager, the parent of the child will be given a written warning notice stating the infraction. The warning notice will be signed by the parent of the child and the President or Vice President of the League.

Drop 3rd Strike

RULE:

For Major League Baseball only, an uncaught third strike (a dropped third strike) occurs when the catcher fails to cleanly catch a pitch for the third strike. A pitch is considered uncaught if the ball touches the ground before being caught (a bouncing ball), or if the ball is dropped after being grasped.

On an uncaught third strike with no runner on first base or with two outs, the batter immediately becomes a runner. The strike is called, but the umpire does not call the batter out. The batter may then attempt to reach first base and must be tagged or forced out. With two outs and the bases loaded, the catcher who fails to catch the third strike may, upon picking up the ball, step on home plate for a force-out or make a throw to any other fielder.

An uncaught third strike with a runner on first, the batter is called out and cannot advance to first.

A batter who does not realize his situation on a third strike not caught, and who is not in the process of running to first base, shall be declared out once he or she leaves the batters' box area towards the dugout.

Pitching

Players can pitch no more than 6 innings in 2 consecutive games combined. After a player pitches 6 innings, the player must be removed from the pitcher's

position. No extra innings may be pitched. One pitch thrown constitutes one inning.

Any player who is an up and down player is not eligible to pitch in a Major, AAA or Minor League game. Any team that does not abide by these rules will result in forfeit of the game by the offending team.

The **starting or relief** pitcher can reenter a game as a pitcher providing that he is removed on the first trip to the mound or is removed at the completion of an inning.

Exceptions to this rule:

1. Playoffs – 8 innings in one game.
2. In the playoffs, if a pitcher pitches the last game of one series, the player is allowed to pitch the next game of the following series.
3. If a player pitches 6 innings in game one of the playoffs, he/she does not have any innings available to him/her unless a game three is needed. If the pitcher pitches only four(4) innings in game one, then he/she has 2 innings available to pitch in game 2 then 4 innings available in game 3 (if needed) for that current series.
4. Extra innings will be for the starting pitcher. He/she may go up to 8 innings in that game.
5. Should any of these divisions go up to the 1-hour & 45 minute time limit during the regular season, it will be an official game. 3 1/2 innings is an official game (providing the home team is winning).
6. If a game is stopped, during the regular season only, for any reason such as weather or a power failure before they reach the official innings, the game will be played over, and pitching will not be on record for that game.
7. If a game is stopped in any inning due to the weather or power failure during a playoff game, the game will pick up where it was stopped, and the pitchers will be on record as the lineups and score.

Managers and coaches shall be allowed to warm up pitchers before the game and between innings during the game. All players who warm up pitchers MUST wear a catcher's mask.

All teams are allowed to use the bullpen prior to and during a game. The team whose pitcher will be entering the game first will take precedence.

There is a **NO BALK RULE.**

Trips to the Mound

This rule limits the number of trips a manager, acting manager, coach, acting coach, or catcher may make to any one pitcher in any one inning.

A second trip to the same pitcher in the same inning will cause the pitcher to be removed from the mound. A trip is defined as an intent to go to the mound to speak to the pitcher and enter the playing field. Stepping up to the foul line to give direction to the pitcher can be considered a trip to the mound; this will be up to the umpire's discretion.

The mound shall mean the entire pitching circle and not just the pitching rubber.

RYBS Slide Rules

Contact Rule: All runners shall **slide to avoid contact** on all tag plays or force plays. Penalty: Runner is out.

- a. There shall be no penalty for incidental contact. (this is the umpire's discretion)
- b. There shall be no penalty if there is no contact.
- c. Runner will be ejected if the umpire rules the contact was malicious or with intent to dislodge the ball.

No headfirst slide unless returning to a base.

A catcher cannot block the plate or base path on an uncontested play or without possession of the ball.

Courtesy Runner

The league shall allow a courtesy runner in the event of injury only. This shall be done within the re-entry rule. The designated "courtesy runner" will be the batter who has made the last out.

Lineups

All lineups must be submitted to the opposing team prior to the start of the game. The lineup shall include starting players and substitutes, including the player's names and numbers.

No Slashing

Players may not show bunt during the pitch to draw fielders in and then swing away at the ball. The pitcher does not need to be in his windup for this to be valid. The first offense is an out; a repeat offense will result in ejection from the game.

Hidden Ball Trick

The hidden ball trick will NOT be allowed in league play. This determination will be made by the home plate umpire and will be final.

Practice Schedules

Manager and coaches are expected to have practices and players are expected to participate in practices.

Pre-Season:

This rule applies to Majors, AAA, Minors, and Softball divisions.

Any team who will have a regular roster player on their roster for the upcoming season who has a sibling available for the draft will automatically have the sibling placed on the team. The only exception to the rule applies to a parent's desire to not have the sibling playing on the same team.

A committee of 3 people will rate which round the sibling must be taken in.

Vice President

Division Coordinator

The parent or Manager will contact the Division Coordinator in this rule 2 weeks before the Major, Minor or Softball tryouts. The child's parent(s) will be offered the opportunity to have their child play on different teams if they desire. If the parent opts for separate teams, they must inform the division coordinator in writing of their decision 1 week before the appropriate draft. Should a parent choose this option, their child will enter the draft available to all other teams excluding the team that has their sibling on their roster.

Once the rosters are complete, the matter becomes closed to future changes without exception.

Draft

Any player refusing to play for the team drafting him or her cannot play for any other team in RYBS League.

Teams will draft in reverse order of finish in the standings. Forfeit games will be considered wins in draft positions. Championship Team will draft last in the draft order, the runner up team will draft second to last. If needed, supplemental drafts will be conducted. Supplemental selection order will be determined randomly by team names being drawn out of a hat.

All teams will be made aware of protected players. Notification of all protected players must be submitted in writing one week prior to tryouts by the team. Failure to adhere to this policy may jeopardize the status of the protected player.

Changing Teams

It is the policy of the League to not change teams once players are in place.

If a parent requests a child change from one team to another the following must occur for consideration:

1. The managers must agree with the change.
2. The parents and the managers must appear before the Board to state all reasons for the change request.
3. The Board will have the final decision for the change.

If the change is disallowed, the player must play for the team he/she has been drafted or previously playing for. Refusal will disqualify the player from the League.

Rules Committee

All league rules shall be decided upon and reviewed by the Rules Committee. The Rules Committee will consist of:

Minimum of 3 sitting board members

Two (2) coaches from the Softball Division

Two (2) coaches from the Baseball Division (1 minor, 1 major coach preferred)
