

Nail

1 & 5 set Nail Screen. 5 either rolls to the FT line, or pops out. 1 must drag out the dribble off the screen. 4 screens for 2. 1 screens for 3 after passing to 5.

Play designed for 5 to play one-on-one with a less skilled post player.

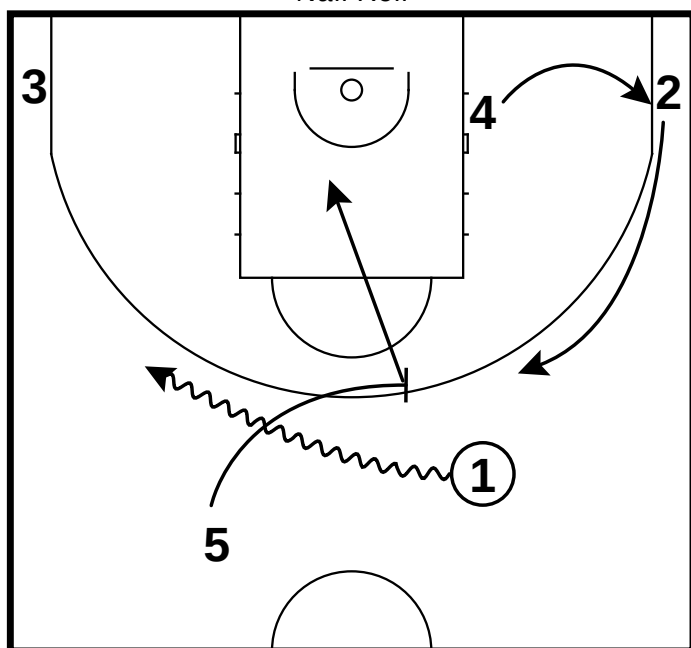

Nail Up

Nail Screen starts action. 1 must maintain dribble. 3 screens across as Nail screen starts. 4 comes off screen to low block. 3 back screens 5's defender pops to the top. 1 looks for the lob to 5, low post feed, or 3 for shot.

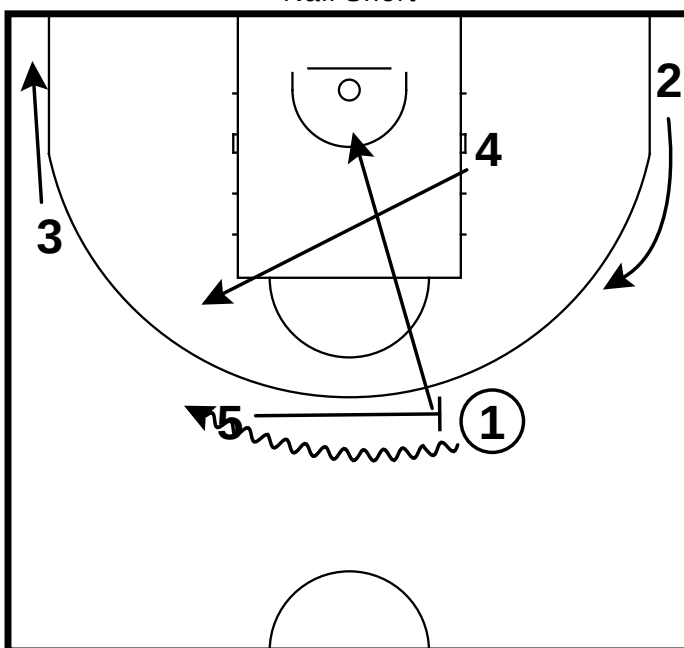

2 slides up to the right wing/curl area. This option can be run left with 2 doing the screen.

Nail Roll

Play starts the same, but this time 5 rolls to the rim looking for easy two, or low post position.

Nail Short

1 calls short. 5 sets a cross screen & rolls. As 5 sets the cross screen 4 sprints up to opposite elbow. 1 dribbles left. 3 relocates to corner. 2 pushes up the wing.
